Faith Transition

Reducing Cost

College and Career

College Assistance Plus was invited to partner with the Association of Christian Schools to help your school, and the churches you serve, equip students to thrive on secular and Christian campuses, and reduce student debt so that younger siblings can afford a Christian education --- and college grads can start life with financial freedom. **The tools on the below website have been proven in churches and schools to reverse the 40-80% loss to the faith during college transition, and** prepare students to grow personally and positively impact secular and Christian campuses. Please review the free resources on **BelieversCollegePrep.com** and provide feedback to your school staff on what you find valuable. We hope that as you share this information with your friends and pastors, so many students in your city will connect with campus ministries before they select colleges or leave home to reverse the 70% loss to the faith. This also spawns needed campus awakenings during the important [first weeks on campus](#). The financial section, free strategy talks, and on-demand webinar will provide a fresh perspective on how to approach college, minimize debt, and reduce costs even if your income is too high. Fee-based services are available for families who wish have continual help through high school, college, grad school, and job acquisition.

Here's what we suggest:

- Go to www.BelieversCollegePrep.com.
- Read the ACSI **High Schools** menu item on top.
- Check out the left **Faith Transition** section, and get the Free College Transition Toolkit. Share with your pastor.
- Check out the middle **Reducing Cost** section, **Crown Financial** article, and Free Financial Toolkit or webinar.
- Check out the top menu items and **Other Resources**. Set up a **Free Strategy Talk** for practical insights.
- Then let your school staff and John Decker know your thoughts & feedback via above contact information.
